JK
JK GROUP

ABOUT US

The JK Group has a strong legacy as a premier manufacturer in the door manufacturing and supply network since its establishment in 2006.

Building on our solid background in construction, engineering, contracting, and trading, we expanded our operations in to manufacturing in 2020. Our extensive experience allows us to understand your challenges, and we are committed to providing effective solutions that prioritize quality and durability. Together, we can navigate the complexities of your projects and achieve the desired results.

Our unique range of collection give an exclusive look and feel of the space around you. Redefining Doors,..... as exclusive as you are.

Adhesive :

It is the main factor for manufacturing flush door, Superior bonding & water proofing criteria is achieved by using phenol formaldehyde (PF) synthetic resin.

High quality wooden flush doors are therefore in great demand among discerning architects, builders and contractors. JK Brand Flush Doors have solid blockboard core with cross band and face veneers which are bonded with the Hot Press process by using Urea Formaldehyde Resin with REBA for Boiling Water Resistant (B.W.R. Grade) & Phenol formaldehyde Resin for 100% Boiling water proof. (B.W.P. Grade)

Stile/ Rail :

Finger jointed stile/rail made of selected hardwood species with good screw holding capacity.

Timber Core :

Timber core is a traditional core extracted from the natural resources. Mango, Pine, Meranti are very popular filler. Strong and rigid Timber core is also known as solid core or block board. Timber core is chemically treated as per IS-401 and seasoned in automatic kiln seasoning plant as per IS : 1144 Benefit of the process being the reduction of moisture to desired levels and resulting in anti fungal properties and increasing the durability & strength of wood.

Cross Band :

Generally we use Popular / Mango / Pine / Gurjan for cross band in flush door

Face Veneer :

We must use Gurjan wood as a face veneer. COMMERCIAL - With face veneers from selected commercial hard wood.

DECORATIVE - With one or both side face veneers from decorative timber like Teak, Wenge, Sapeli / Varieties of lamination and decorative skins.

Note

For actual color, pattern and finish refer to the actual laminate sheet as due to printing limitation there might be a variation.

Note:

- * The Colour Given in Catalogue is only for your design reference. Actual colour pattern and finish refer live samples, as due to printing lamination there might be slight variation.
- * Customized colours & sizes available for bulk quantity order.
- * incase of any claim the liability of the company is limited to the cost of product only.
 - * Resizable Maximum upto 12mm from all sides.
